#### FAIR EXHIBIT CAUSE OF SUIT. New York Men Sue Emmett Mc-

Connell for \$39,000. The Palais du Costume exhibit at the

World's Fair was the subject of a suit involving \$36,000, which was filed in the Circuit Court yesterday by Richard G. Hollaman and George G. Hastings of Manhattan City, N. Y., against Emmett W. McConnell and the Palais du Costume Company. Hollaman and Hastings state that Mc-

Hollaman and Hastings state that McConneil acted as their agent in seeking
to secure a concession to exhibit at the
World's Fair a collection known as the
"Palais dn Costume." consisting of wax
works, plaster figures, dresses and draperies, representing costumes of various
epochs of the world's history. The collection cost \$200.00 and was exhibited at
the Paris Exposition in 1300, it is stated.
McConneil did not get the concession,
which was let to another party, who
transferred it to the Palais du Costume
Company, it is said.
McConneil was then engaged as agent
in letting the collection to the Palais Company exhibition for \$40.000, it is alleged.
In July, 1935, he went to New York and
told Hastings that he was unable to get
more than \$23,000, and that the matter
would have to be settled at once or the
Palais Company would make a contract
with local parties, it is alleged.
A contract, it is stated, was made direct
to him for \$20,000 and 4 per cent of the
gate receipts after the first \$100,000.
It is alleged that at the time he went to
New York he had a contract with the
Palais Company for the use of the collection for \$20,000, \$15,000, to be paid in bonds,
payable with the first gate receipts and
\$25,000 stock in the company.
The court is asked to restrain the Pal-

payable with the first gate receipts and 25.000 stock in the company. The court is asked to restrain the Palals Company from turning over the bonds and \$5,000 of the stock to McConnell and enjoin him from disposing of his in-

TERRITORY CITIZENS OPPOSE MIXED SCHOOLS. Superintendent Benedict Says Separate Institutions Probably Will Be Provided for Negroes.

REPUBLIC SPECIAL. Muskogee, I. T., May 7 .- John D. Benedict, superintendent of Schools in Indian Territory, has been in conference with all the supervisors of schools in the different nations, discussing plans for the disbursement of the \$100,000 appropriated by Congress to strengthen the tribal schools in the Territory. The only important point agreed upon to-day was that most of the money should be paid in salaries to new teachers, rather than to building choolhouses and making improvements in buildings.

Another matter that is being discussed is whether the negroes shall share in the benefit of the new appropriation. Mr. Beredict is of the opinion that the con-ference will agree that a certain per cent of the money shall be expended for the noncitizen negroes, who now are totally without schools.

It is of vital interest at this time whether there shall be mixed schools in the Indian Territory. In Kansas the whites and negroes attend the same schools. In the Quay statehood bill there is a provision which prohibits the disfranchisement of the negro for lack of educational qualifications, and this provision has been indorsed by the Republicans of Indian Territory and Oklahoma. Some seem to see in this a tendency to drift into mixed schools. So largely has this impression prevalled that Democratic clubs over the Territory have commenced to adopt resolutions against it. The sentiment here would be very strong against such a move, and were it forced upon the people there would be trouble.

When questioned on this point to-day Mr. Benedict stated that he thought there could never be mixed schools in the Territory; that the sentiment of the people would not permit it, and that he believed there would never be an attempt made to that end. Territory. In Kansas the whites and
